OFFICE OF LEGISLATIVE COUNSEL

Friday - 7 June 1961

25X1 1. [] Talked further with Ben Mandel, Senate Internal Security Subcommittee staff, regarding his inquiry as to whether
25X1 [] material on Soviet military policy could be declassified. (See Journal of 31 May.) I advised Mandel that it would not be possible to declassify this study but called his attention to a Rand Corporation translation of Sokolovsky's piece on Soviet military strategy which has been published by Prentice Hall. I pointed out that the forward to this document contained much of the same information as found in the [] Mandel thanked me for this information.

25X1 2. [] Having previously ruled out the date of 12 June as a possible day for the Director's appearance before the Joint Committee on Atomic Energy, George Murphy, of the Committee staff, said that as things developed this might still be a good date for the briefing. He asked if this date was still open for the Director. I checked and advised him that the 12th was still alright as far as we were concerned. At this point, Murphy said he had just heard from Senator Pastore and the date had become doubtful. We are to check on this Monday morning.

25X1 3. [] OSI, called and expressed an interest in the House Defense Appropriations Subcommittee hearings containing the testimony of [] His interest was sparked
25X1 by a newspaper column in the Star on 28 May in which Representative Flood talked about failure of Soviet nuclear submarines requiring that they be towed
25X1 homby trawlers. A copy of the hearings was forwarded to []

25X1 4. [] called to indicate that there were some problems concerning the possible appointment of []
25X1 [] who was referred to us through the office of Senator Edward Kennedy.
25X1 I suggested that [] give us an opportunity to review our file material on this case before taking any action.
